Welcome to the the Interior Design Academy

The objective of our school is to form professionals in the wide field of interior design.

Our students have the opportunity to study and understand the fascinating art of interior design. The high quality education that we offer is based on futuristic methods: it aims at improving the skills and knowledge and achieving the full potential and creativity of each individual.

Our school fuses the ancient traditions of interior design with modern digital tools and enables our students in this way to become competitive professionals.

All courses are taught in english language.

The school of interior design is located in Florence, the heart of Italy, where design was born and the italian life style is still the source of new ideas and design.
